

Crafting Unique Memories With Care

Your wedding ceremony should feel like you — not like a script handed to every couple before you.

I'm Caroline, an Independent Professional Celebrant, and I believe your ceremony should be as unique as the love you share. From the moment you choose me, I take the time to truly get to know you so I can craft a ceremony that feels meaningful, personal and memorable.

If you're dreaming of something traditional or light-hearted, elegant or a little bit wild — I'm here to bring your vision to life. And I'll be by your side throughout the whole journey, offering guidance, ideas, and a calm, reassuring presence when you need it most.

Why Choose Me To Lead Your Wedding Ceremony?

Your wedding day is one of the most significant moments in your life.

My role as your Celebrant is to get to know you as a couple over the months before your big day, so that together, we can design a completely personalised unique ceremony, creating memories for you, your families and your guests.

Wedding planning can get quite frantic – I am there to give emotional support and provide a listening ear all the way along.

The beauty of using the services of an Independent Professional Celebrant is that once you have the legal marriage paperwork sorted at your local Registry office, your wedding ceremony itself can be held anywhere. This can included outdoor or unlicensed venues, giving you much more flexibility and choice.

What Can Your Wedding Ceremony include?

Your ceremony is completely bespoke, so unless it can't be catered for at your venue then you can be as bold and creative as you like – the only limit is your imagination.

We use a broad template as a starting point to bring your wedding vision to life. You may want something traditional, religious, non-religious, funny, modern, quirky, romantic, something different or a combination of these.

You may wish to include readings, poetry, symbolic rituals (such as handfasting, sand ceremonies, tree planting – there are many variations), music, singers, vows, exchange of rings, inclusion of children or even pets (bearing in mind theatrical lore of who never to work with – remember, they can steal the show!)
